

Explore the Jr. Birder Virtual Discovery lab to learn more about the birds of Kachemak Bay!

1. How many geese can you find in the lab?
2. Find the Spectacled Eider. What color are this bird's feathers?
3. What bird is also known as a sea eagle?
4. Find the tallest bird in the lab– What color is it?
5. Find the largest egg in the lab. What bird does that egg belong to? Are they found in Alaska?
6. Which bird has a larger wingspan– The Bald Eagle, or Red Tailed Hawk?
7. Name the two types of puffins found in Alaska.
